JOURNÉE EUROPÉENNE À LYON
4 MARS 2013

RASSEMBLEMENT À LYON
DU 5 AU 7 MARS 2013

European Day on Environmental Education for Sustainable Development Lyon (France), March 4, 2013

This first European day will be a preamble to the 3rd Conference on Environmental Education for Sustainable Development: an opportunity to share, promote and create innovative solutions for EESD together.

“Getting to know each other and act together empowered by our differences”.

Such is the goal of the 1st European Day for actors and decision-makers in Environmental Education for Sustainable Development.

You are invited to take part in a whole day of workshops and debates to

- share experiences and projects
- set up the appropriate framework for the development of actions (networks, forums for dialogue)

Ahead of this 1st European Day, please feel free to contribute to the debate with your thoughts and ideas by visiting the special European Day Section of our website www.assises-eedd.org (European Day section).
